

MASSACHUSETTS SCHOOL  
ADMINISTRATORS' ASSOCIATION

# MSAA Seeks Nominations for Assistant Principal of the Year

Dear MSAA Members,

It is time to launch our 2022-23 campaign to choose our annual Assistant Principals of the Year. We are a PreK-12 Association, therefore we nominate Assistant Principals from both the Elementary and Secondary levels. We will then choose one from each level to serve as our Massachusetts Assistant Principals of the Year.

In partnership with **NASSP**, nominees must work at a Middle or High School defined as "those containing some portion of Grades 6 through 12."

In partnership with **NAESP**, nominees must be "responsible for the day-to-day operations of PreK-8 schools."

We are fortunate that we have numerous Assistant Principals throughout the state who exemplify the unselfish work done in all of our schools. Last year's winners, **Christen Hutchinson**, Clara Barton Elementary School, Oxford and **Patrick Lemieux**, South Hadley High School served as wonderful ambassadors for our next generation of Assistant Principals.

We ask you to take a look at the person down the hall from you. Or, think of a peer from another district that has always offered you sound advice. Simply, email Bonnie LeMote ([blemote@msaa.net](mailto:blemote@msaa.net)) telling us in a sentence or two, why you are nominating this person. Nominees must meet the criteria listed below.

- MSAA member
- Assistant Principal for three (3) complete years in one school

Once we hear from you, we (MSAA) will contact your nominee and get them started with the application. **The application packet must be completed by the nominee on-line by November 18th.** So, the sooner you submit your nomination, the more time he or she will have to complete it.

We look forward to hearing from you.

**Yolanda G. Burnett**  
MSAA Assistant Director
